As the number of halts made in each bungalo is small, and the annual cost of servants employed in the Chattram at Chickballapur is Rs 132, ~~affears~~ large, the Dy Coms was requested to state whether any, and if so what bungalos, might be closed, whether a Sweeper or caretaker with the Patels supervision and co-operation would not suffice for the requirements of travellers likely to halt therein; and whether cants were

The General Secretary
to the Government of Mysore

Sir,

With reference to Government Proceedings Nos 7953 L770-94 and 8755 L770-94 dated 20th November and 1st December 1894 respectively, I have the honor to submit herewith a statement showing the number of halts made and the amount of fees collected during the 24 months commencing from December 1892 to November 1894 in each of the six bungalows referred to in the first of the Proceedings and to state that these six bungalows are situated in important centres in the District and

as

as such 2 servants - Kotwal and Sweeper - for the bungalows at Venagal and Talagavara, and 3 servants - Kotwal, Dandi, and Sweeper, for each of the other four bungalows as now exist are absolutely necessary if these bungalows are to be maintained in an efficient condition to suit the convenience of the travelling public, the reduction of establishment contemplated in the proceedings under reply is in my humble opinion not desirable. I beg further to submit in this connection an extract from the proceedings of the Local Fund Committee of this District at a Meeting held on the 21st January 1895 which embodies the views of the

Board

Board in connection with this question.

2. As for the chattram at Chick-Ballapur it is to be stated that that town is next in importance to Kolar having a population of more than 10000 souls and as such the chattram is frequently resorted to by people from different places on account of Commerce and on their way to the Railway station at Doddaballapur..

Considering the extensive usefulness of the chattram to the General Public the establishment costing Rs 132 per annum is not too much if it has to be maintained in an efficient state.

3. The list of Travellers' Bungalows in the Province published under the authority of Government shows that 13 Travellers' Bungalows as per margin are recognised as third class in this District and the information regarding the Govt

But there is a reference to show that they have been sanctioned to be constructed as third class Travellers Bunglows by the Secretary P.W.D. (Vide his Nos 2504/483, 2576/351, 2323/431 and 3919/824 dated 2nd June 1888, 1st July 1889, 25th May 1888 and 5th August 1885 respectively.

The Inspection Lodge at Motamakala palli was converted into a third class Travellers' Bunglow under the authority conveyed in Government Proceedings No. 6109-10/L7-174-92 dated 1st November 1892.

4. The Bunglow No 31 on the Nandi Hills

Hills is now converted into an inspection Lodge and reserved for officers of Government as per Government Notification No 2884/543 dated 12th June 1894, and the pay of the Sweeper attached to it which was hitherto being debited to District Funds may now be ordered to be debited to Provincial Funds to which the same is a legitimate charge..

(6) Government Proceedings No. 8539-41—L. F. 70-94, dated 29th November 1894, sanctioning the Board's proposal to convert the lodge near the Tondebhavi Railway Station into a 3rd class Travellers' Bungalow and to levy the prescribed rates of fees for its occupation by the travelling public.

(7) Government Proceedings No. 6807-8—L. F. 110-92, dated 2nd November 1894, intimating that the President's letter with its enclosures requesting that express sanction may be accorded to certain excess over estimates has been forwarded for disposal to the Public Works Department, where the original estimates have been sanctioned.

The Executive Engineer further brings to notice that, as the year is drawing to a close and as additional funds are required for other works, this work may be taken up next year.

Resolved that the question be deferred accordingly.

V. Read Sub-Division Officer's docket No. 215, dated 22nd November 1894, submitting an estimate amounting to Rs. 1,800 for constructing a bathing ghat at Kotagarhalli in the Chikballapur Taluk.

Resolved that provision for this work be made in the District Fund Budget for 1895-96.

The Amildars of the Kolar and Mulbagal Taluks represent that the entertainment of the menial establishments above shown is absolutely necessary for the convenience of the public occupying Musafarkhanas and resorting to the bathing place.

VII. The Executive Engineer submitted a revised estimate amounting to Rs. 28,329 for opening out Chintamani-Chelur road for the approval of the Board.

Resolved that the revised estimate which was prepared in accordance with the orders of the Chief Engineer, owing to the width of the roadway being directed to be increased from 16 to 18 feet, be approved and submitted to the Chief Engineer for sanction.

VIII. The Executive Engineer brings to notice that the marginally noted estimates for repairing the third class Travellers' Bungalows have been received and that they have not yet been sanctioned for want of funds, as no provision was made for the same in the current year's District Fund Budget. He further states that the amount required for these works cannot be made available by re-appropriation and he therefore requests Board's sanction to put these works in hand, placing necessary funds at his disposal to meet the cost of these works together with a reserve grant of Rs. 500 to meet the repair estimates of the works of this nature that may be received during the remaining part of this year.

	Rs.

Resolved that the estimates be approved and that Government be requested to sanction Rs. 1,262, being the charges as detailed above, from the General Savings of the Current year's District Fund Budget.

IX. The Executive Engineer submits the following estimates for approval and requests that funds to meet the cost of these works may be obtained with the sanction of Government, as the Reserve Grant sanctioned in the Budget has been expended.

		Amount of estimate.
		Rs.
(1)	Special repairs of Chintamani-Bagepalli road	150
(2)	Do Do Chinnasandra road	200
(3)	The maintenance charge of the loop line from Doddahasala to Kolar-Venkatagirikota road	67

Resolved that the estimates be approved and that Government be requested to sanction the cost of these works amounting to Rs. 417 being met from the General Savings of the Current year's District Fund Budget.

X. The Executive Engineer proposes the transfer, to the District Fund Board for the use of the public as a Musafarkhana, of an Inspection Lodge built by the Department of Public Works at Hudgur in the Goribidnur Taluk, the same being no longer required by that Department for the purpose for which it was originally constructed.

Resolved that the above lodge be taken over by the Board for use as a Musafarkhana.

XI. Read extract from No. 3 Sub-Division Assistant Engineer's No. 67, dated 18th December 1894, to the address of the Executive Engineer, Kolar Division, reporting that the lodge near the Tondebhavi Railway Station is in a state of disrepair and that early steps may be taken to put the building in order.

Resolved that necessary repairs may be carried out to the building in question before the next rains and that Government be requested to sanction the cost of such repair from the General Savings of the Current year's Budget.

XII. The Executive Engineer proposed that the road leading to Antarganga be maintained as other roads in the District.

Resolved that the above proposal be approved and that the cost of such maintenance be defrayed from the District Funds.

XIII. The Executive Engineer submitted an estimate amounting to Rs. 200 for widening the Malur-Hoskote Railway feeder road on the Malur Tank Bund for the approval of the Board.

Resolved that the estimate be approved and that Government be moved to sanction the amount of this estimate from the General Savings of the Current year's Budget.

XIV. Read Government Proceedings No. 7953—L. F. 70-94, dated 20th November 1894, calling for certain particulars regarding the third class Travellers' Bungalows in this District, and enquiring why the services of Kotwals and Dandies wherever they exist in addition to sweepers, may not be dispensed with as in the case of the Chitaldroog District.

Resolved that a scavenger is absolutely necessary in every Bungalow and a similar necessity exists for the continuance of a sweeper for keeping the Bungalows clean and that a Kotwal or caretaker is required to supervise the works of these servants and for attending supplies of travellers resorting to Bungalows for halt, more especially in those cases in which the Bungalows are situated along routes of troops, and it is also further resolved that whether the Bungalows are frequently visited or not the establishment above mentioned must be maintained if the Bungalows are to be kept up and that in places where there are rarely any visitors, the Bungalows themselves might be abolished.

XV. The Budget estimates of receipts and expenditure for 1895-96, consisting of the undermentioned major items amounting in the aggregate to Rs. 1,43,067 and Rs. 1,21,020 respectively, were approved and passed by the Board.

a few go there, that the

Order thereon

As it is now reported
that very few carts halt at the
chattram & the income from manure
is trifling, the Dy Com
is requested to state early
whether one sweeper is
not sufficient to watch &
keep the chattram clean.
If so, the other two servants
may be dispensed with.
